## Policy of Theory-Experiment Enhancement and Explore

In the view of commencement of Academic Year 2024-25 Sem -I, it is necessary to keep ready all teaching material and laboratory setups. To evaluate the faculty member's teaching ability including knowledge and clarity of subject, engagement of students, demo lectures were arranged.

It ensures that the new faculty member meets the institution's teaching standards and maintains the quality of education provided to students. It helps the new faculty members understand the expectations and teaching culture of the department, aligning their methods with established practices. Presenting in front of experienced colleagues can boost the new faculty member's confidence, preparing them for actual classroom scenarios. It ensures that the new faculty member's approach aligns with the curriculum and pedagogical goals of the department.

Overall, these demo lectures help integrate the new faculty members into the academic community, ensuring they are well-prepared to deliver high-quality education.
